Marie Ouellette, 12 Sullivan Place, Millbury, MA 01527

Dear Mr. Chairman Perro,
I would like to ask the board through you to please consider the availability of water supply for new development in our town. I am aware that our town has relied on Worcester and Grafton to supply water for our inadequacies over the past few years and I implore you to look into the data from Aquarion. Residents should have access to clean water and our firefighters should have access to water with enough pressure to do their work, in case of fire. Please consider this as you approve more buildings to go up in our town. I thank you and the Board for taking this into consideration.
Sincerely,
Marie Ouellette
