

RICE POND VILLAGE PROJECT

COMMUNITY SPOKESPERSON ENDORSEMENT

As Millbury residents, we recognize the necessity for a spokesperson regarding the Chapter 40B Rice Pond Village Project. We authorize Steve Stearns to represent us collectively, highlighting our shared concerns across public forums, meetings, social media, and any communication channels. Our endorsement bolsters both our individual voices and our collective impact.

Steve Stearns has shown proactive dedication by raising awareness, uniting our community, and actively engaging in project-related discussions. His past contributions, including influencing the denial of the previous Rice Pond Village project, spearheading a successful rezoning initiative, securing the passage a temporary housing unit moratorium with over 80% voter support at town meeting, and advocating for the renaming of Aldrich Street to Aldrich Avenue, align with our community's goals. His established connections with local, state, and federal officials demonstrate his ability to effectively represent our interests. Additionally, he brings previous professional expertise in the fields of civil and environmental engineering.

We unite as a neighborhood and community urging the Millbury Board of Appeals and stakeholders to grant Steve Stearns sufficient time to represent our interests in evaluating all essential aspects. Our goal remains a comprehensive review that genuinely addresses our concerns.

Name	Address
1 : Sean McGrath	 2 Aldrich Ave
