**The Planning Board**

**NOTICE OF DECISION**  
**DENIAL OF MULTI-FAMILY SPECIAL PERMIT and**  
**SITE PLAN REVIEW**

**RICE POND VILLAGE**

Applicant:  
Whitney Street Home Builders, LLC  
118 Turnpike Road, Suite 200  
Southborough, MA 01772

Date: February 14, 2022

RECEIVED  
TOWN CLERK  
2022 FEB 16 PM 2:54  
MILLBURY, MASS.

Owner:  
McLaughlin Family Living Trust &  
John Antaya and Kathleen Mardirosian

Premises Affected in Millbury, MA:  
17 Rice Road, Assessor's Map 63, Parcels 75 & 144

Referring to the above application to construct a multi-family development consisting of 46 dwelling units, the Planning Board opened a public hearing on May 10, 2021 that was continued to June 14, 2021, July 12, 2021, August 9, 2021, September 13, 2021 (no testimony taken), September 27, 2021, October 25, 2021 (no testimony taken), November 22, 2021, December 13, 2021, January 10, 2022, and January 24, 2022. All sessions of the public hearing were broadcast live on Millbury Public Access Television, live-streamed on the Millbury Public Access Television website, and live-streamed via the ZOOM video and audio conferencing online platform, allowing members of the public to follow the proceedings of the Planning Board while they were occurring and allowing members of the public to participate in the hearing through real-time active participation, in accordance with the Governor's Executive Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, § 20, dated March 12, 2020 and Chapter 20 of the Acts of 2021. After closing the public hearing, the Planning Board at its meeting on February 14, 2022 voted to **DENY** a special permit and site plan review for a multifamily use pursuant to the Town of Millbury Zoning Bylaws, Section 14.11(a), Section 14.3, Section 32.6, and Section 12.46(b). Voted: Richard Gosselin yes, Mathew Ashmankas yes, Bruce Devault abstain, Terry Burke Dotson yes, Paul Piktelis abstain.

The decision of the Board, together with detailed record of its proceedings stating the reasons for the decision, shall be filed within 90 days after the hearing in the office of the Town Clerk. Decision filed with Clerk

February 16, 2022

**IMPORTANT:** Any appeal from the decision of the Planning Board can be made only to the Court and must be made pursuant to Section 17, Chapter 40A (M.G.L.) as amended, and must be filed within twenty (20) days after the date of filing of the decision with the Town Clerk.

THE PLANNING BOARD

  
Mathew Ashmankas, Clerk

**TOWN OF MILLBURY, MASSACHUSETTS**  
**The Planning Board**

**RECORD OF PROCEEDINGS**  
**On Application of Whitney Street Home Builders, LLC**

I, Mathew Ashmankas, Clerk of the Planning Board, hereby certify that the following is a detailed record of all its proceedings relative to the application of Whitney Street Home Builders, LLC, for a special permit for a multifamily use under Section 14.11(a), Section 14.3, and Section 32.6 of the Town of Millbury Zoning Bylaws (the “Zoning Bylaws”), and for site plan review under Section 12.4 of the Zoning Bylaws, for the 15.02-acre (+/-) property located at 17 Rice Road (Assessor’s Map 63, Parcels 75 & 144) within the Residential I District (the “Property”).

1. The Applicant desires to construct 46 residential units within 23 multifamily dwelling structures, roadways, and associated improvements at the Property, along with a 5-unit group home permanently restricted as affordable to households whose incomes are less than 65% of area median income, to be located in a new single-family structure located at a separate site (the “Project”).
2. The Property and the Project are shown on a plan entitled “Rice Pond Village Site Plan of Land in Millbury, Massachusetts, Owner: McLaughlin Family Living Trust, 17 Rice Road, Millbury, Massachusetts 01527, Applicant: Whitney Street Home Builders, LLC, One Golden Court, Westborough, Massachusetts”, dated March 26, 2021, amended through November 8, 2021, prepared by Azimuth Land Design, LLC, 325 Donald Lynch Boulevard, Suite 100, Marlborough, MA.
3. On April 13, 2021, the Applicant submitted application materials to the Planning Board, a true copy marked as Exhibit A.
4. A legal ad providing notice of the public hearing on the application, a true copy marked as Exhibit B, was published in the *Millbury Sutton Chronicle*, a newspaper of general circulation in Millbury, on April 22, 2021 and April 29, 2021 and posted by the Town Clerk on the Town bulletin board on April 13, 2021. A notice of the hearing was mailed postpaid to the Applicant, abutters of land within 300 feet of the property line, being the same persons named in the Certified List of Abutters, to the Central Massachusetts Regional Planning Commission, and to the planning boards of every abutting community.
5. On May 10, 2021, the Planning Board opened a public hearing to consider the application and receive comments thereon. With the Applicant’s consent, the hearing was continued to June 14, 2021, July 12, 2021, August 9, 2021, September 13, 2021 (no testimony taken), September 27, 2021, October 25, 2021 (no testimony taken), November 22, 2021, December 13, 2021, January 10, 2022, and January 24, 2022, at which time the Planning Board voted to close the public hearing. All sessions of the public hearing were broadcast live on Millbury Public Access Television, live-streamed on the Millbury Public Access Television website, and live-streamed via the ZOOM video and audio conferencing online platform, allowing members of the public to follow the proceedings of the Planning Board while they were occurring and allowing members of the public to participate in the hearing through real-time active participation, in accordance with the Governor’s Executive Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, § 20, dated March 12, 2020 and Chapter 20 of the Acts of 2021. All five regular members of the Planning Board were present at each session of the public hearing when testimony was taken.

6. The Planning Board relied on the following documents, in addition to the testimony from members of the public presented at the public hearing, in making its decision:

7. The Planning Board was mindful of the comments it received as testimony from members of the public during the course of the public hearing on the application.
8. After the public hearing was closed, the Planning Board acted on the waiver requests from the Applicant in accordance with Section 12.44(g) of the Zoning Bylaws, at their January 24, 2022 and February 14, 2022 meetings as follows:
  - a. Subdivision Rules and Regulations, Section 6.7(4)(f): Denied a requested waiver from the requirement that the minimum centerline radii of curved streets shall be one hundred feet (100') for an access street, finding that such minimum centerline radii is necessary to provide access equivalent to that required for single or two-family structures on separate lots, per Section 32.6 of the Zoning Bylaws.
  - b. Subdivision Rules and Regulations, Section 6.7(4)(i): Denied a requested waiver from the requirement for two or more points of access for a development with 20 or more dwelling units to allow for a single means of access as proposed by the Applicant, finding that two or more points of access are necessary to provide access equivalent to that required for single or two-family structures on separate lots, per Section 32.6 of the Zoning Bylaws.
  - c. Subdivision Rules and Regulations, Section 6.7(6): Denied a requested waiver from the requirement that roads serving 20 or more dwelling units shall have a 26-foot-wide traveled way to allow for a roadway serving the Project with a 22-foot width as proposed by the Applicant, finding that a 26-foot wide travelled way is necessary to provide access equivalent to that required for single or two-family structures on separate lots, per Section 32.6 of the Zoning Bylaws.
  - d. Subdivision Rules and Regulations, Section 6.10: Denied a requested waiver from the requirement to install vertical granite curb along the perimeter of the Project's roadway to allow for sloped granite curbing as proposed by the Applicant, finding that vertical granite curbing is necessary to provide access equivalent to that required for single or two-family structures on separate lots, per Section 32.6 of the Zoning Bylaws.
  - e. Subdivision Rules and Regulations, Section 7.5: Denied a requested waiver from the requirement to install a grass strip between the curb and the sidewalk to allow for a sidewalk abutting the curb as proposed by the Applicant, finding that a grass strip between the curb and the sidewalk is necessary to provide access equivalent to that required for single or two-family structures on separate lots, per Section 32.6 of the Zoning Bylaws.
  - f. Zoning Bylaws, Section 12.44(a): Granted a requested waiver from the requirement to submit site plans at a scale of 1"=20'. The site plan is at a scale of 1"=30', finding that such a scale is not necessary based on the size and scope of the project.
  - g. Zoning Bylaws, Section 12.44(c): Denied a requested waiver from the requirement to submit an isometric line drawing, finding that the drawing is necessary based on the size and scope of the project.

- h. Zoning Bylaws, Section 12.44(d): Denied a requested waiver from the requirement to submit a locus plan at a scale of 1"=100', finding that the required scale for the locus plan is necessary based on the size and scope of the project. The locus plan provided by the Applicant is not to scale and the key plan is at a scale of 1"=60'.
9. After the hearing was closed and the waiver requests acted upon, the Planning Board, in accordance with Section 14.11(a), Section 14.3, Section 32.6, and Section 12.46(b) of the Zoning Bylaws, based upon its review of the projected development impacts and the proposed methods of mitigating such impacts, voted to **DENY** the special permit and site plan review for a multifamily use based upon the following findings and reasons:
- a. Section 14.3 of the Zoning Bylaws and M.G.L. c. 40A, Sec. 9, provide that a special permit may be granted if the proposed use is in harmony with the general purpose or the general and specific provisions of the applicable bylaw. The Planning Board found that the Project, as proposed, is not in harmony with the general purpose or the general and specific provisions of the applicable bylaw for the following reasons:
- (i) Section 32.6 of the Zoning Bylaws provides that no more than one residential structure shall be erected on any lot, except that more than one multifamily structure may be placed on a lot if the Planning Board, in its deliberations on an application for a special permit for multifamily dwellings under Section 14.11(a), determines that each such multifamily structure will be served by access equivalent to that required for single or two-family structures on separate lots under the Planning Board's Subdivision Rules and Regulations. As set forth in #8(a) through #8(e) above, the Project is designed so that its roadway and means of access deviate from several requirements in the Subdivision Rules and Regulations. The Planning Board denied the Applicant's requests for waivers, finding that conformance to the Subdivision Rules and Regulations is necessary to provide access for the Project's multifamily structures equivalent to that required for single or two-family structures on separate lots, and therefore the Project is designed contrary to the requirements of Section 32.6 of the Zoning Bylaws.
- (ii) The Project would have just a single means of access, where the Subdivision Rules and Regulations require at least two means of access for a development of 20 units or more. The single means of access would be a roadway that is undersized based upon the minimum width required by the Subdivision Rules and Regulations. The Project's inadequate access would present a public safety risk for the residents of the Project and existing residents in the neighborhood with respect to vehicular access and circulation, pedestrian activity in the neighborhood, and accessibility to police, fire, and ambulances services, contrary to the requirements of Section 32.6 of the Zoning Bylaws.
- (iii) Section 22 of the Zoning Bylaws governs uses in the Residential I Zoning District, and states that the intent of the district is to provide for a range of dwelling types in areas "having existing development at relatively high densities." The residential neighborhood in the vicinity of the Project currently has relatively low density development consisting of single family homes on lots ranging from one-third of an acre to more than half an acre. The Project would add 46 new residential units in 23 multifamily dwelling structures on the

Property, significantly increasing the density in the neighborhood and having a detrimental impact upon the character of the neighborhood, contrary to the purposes of Section 22 of the Zoning Bylaws.

b. Section 12.46(b) of the Zoning Bylaws provides that the Planning Board must disapprove an application for site plan review if it is unable to make the written findings required for approval, that that the proposed development is in conformance with the Zoning Bylaws. The Planning Board found that the Project, as proposed, is not in conformance with the Zoning Bylaws for the reasons set forth in #9.a(i), #9.a(ii), and #9.a(iii) above, and the following additional reasons:

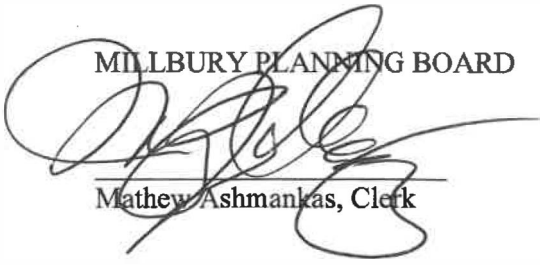

(i) The application remains incomplete and fails to furnish adequate information required by the Zoning Bylaws based upon the waiver requests denied by the Board as set forth in #8(f) through #8(h) above.

(ii) The Project's inadequate access and roadway design, as described in #9.a(i) and #9.a(ii) are not in conformance with Section 12.45(l) of the Zoning Bylaws with respect to vehicular and pedestrian circulation and would detract from the use and enjoyment of the proposed buildings and structures and neighboring properties.

(iii) The Project's high density, as described in #9.a(iii) is not in conformance with Section 22 of the Zoning Bylaws as the Project would add 46 new residential units in 23 multifamily dwelling structures on the Property, significantly increasing the density in a neighborhood that currently has relatively low density development, contrary to the purposes of Section 22 of the Zoning Bylaws.

Voted: Richard Gosselin (yes), Mathew Ashmankas (yes), Bruce DeVault (abstain), Terry Burke Dotson (yes), Paul Piktelis (abstain).

**PUBLIC HEARING NOTICE**  
**Millbury Planning Board**

In accordance with the provisions of Chapter 40A of the Massachusetts General Laws, the Millbury Planning Board will hold a public hearing on Monday, May 10, 2021 at 7:30 p.m. on the application of Whitney Street Home Builders, LLC, property located at 17 Rice Road, Millbury, MA, for a Multi-Family Special Permit under Millbury Zoning Bylaws, Article 1, Section 14.11(a), Site Plan Review under Zoning Bylaws, Article 1, Section 12.4, and for a Post-Construction Storm Water Management Permit under Millbury Municipal Code, Title 13, Chapter 13.15. The Applicant seeks approval for a multi-family development consisting of 52 duplex units and associated improvements.

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 23, 2020 Order, as amended, imposing strict limitation on the number of people that may gather in one place, this meeting of the Millbury Planning Board will be conducted via remote participation via ZOOM (**Meeting ID: 861 5683 8046**, call-in number 929-205-6099). This meeting will be recorded and streamed by Millbury Public Access Cable Television. It will be available live on public access channels Charter 191 and Verizon 26. It will also be available through [Zoom.us/download](https://zoom.us/download). While no in-person attendance will be permitted, every effort will be made to ensure that the public can adequately access the proceedings and provide comment in real time using technological means.

For more information concerning this application, to view application materials, or to submit written comments in advance of the hearing, contact the Department of Planning & Development at 508-865-4754 or [scollins@townofmillbury.net](mailto:scollins@townofmillbury.net). Application materials may be viewed on the municipal webpage at <https://www.millbury-ma.org/planning-board/pages/projects-permitting-phase> or by appointment in the Department of Planning & Development, Municipal Office Building, 127 Elm Street, Millbury.
